

Branding Instructions.

This whole process should take no longer than 90 seconds...

To successfully brand this eBook all you need is your ClickBank id. If you don't have a ClickBank account it only takes a minute to join and it is free, you can join ClickBank by [clicking here](#).

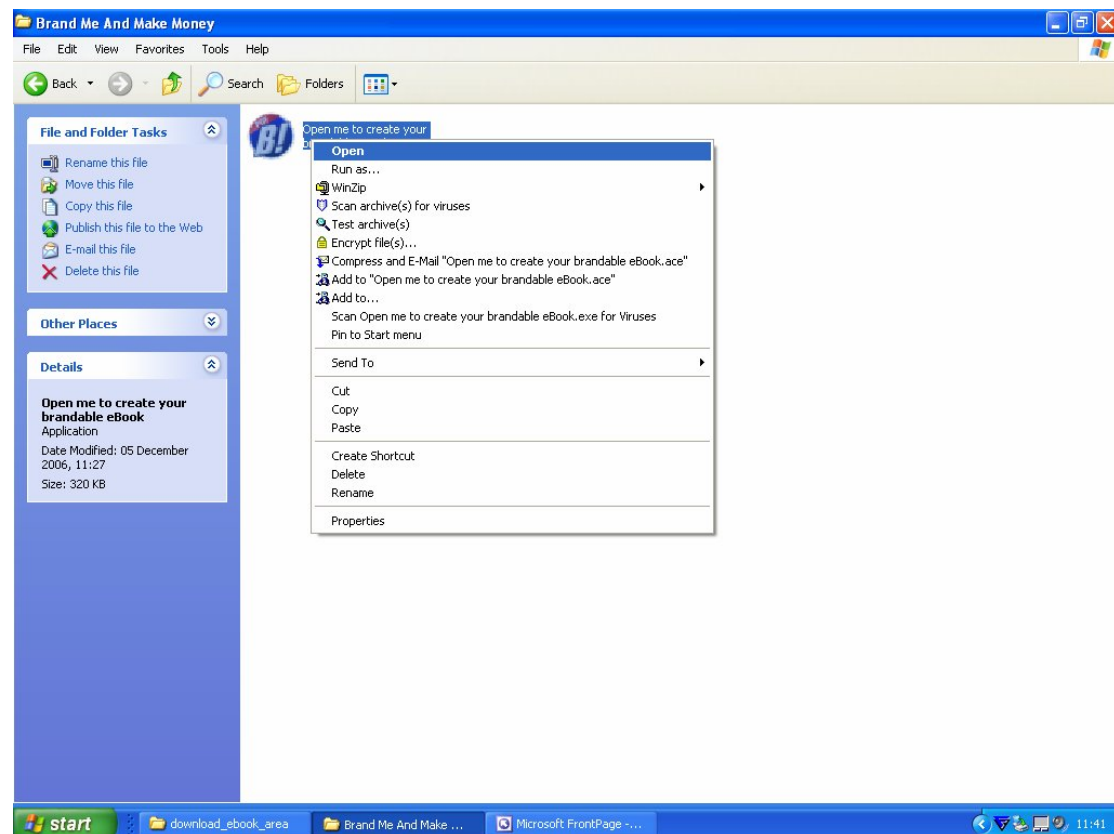

Now go to

<http://www.clickbank.com/info/jmap.htm?vendor=planetsms> and enter your clickbank id.

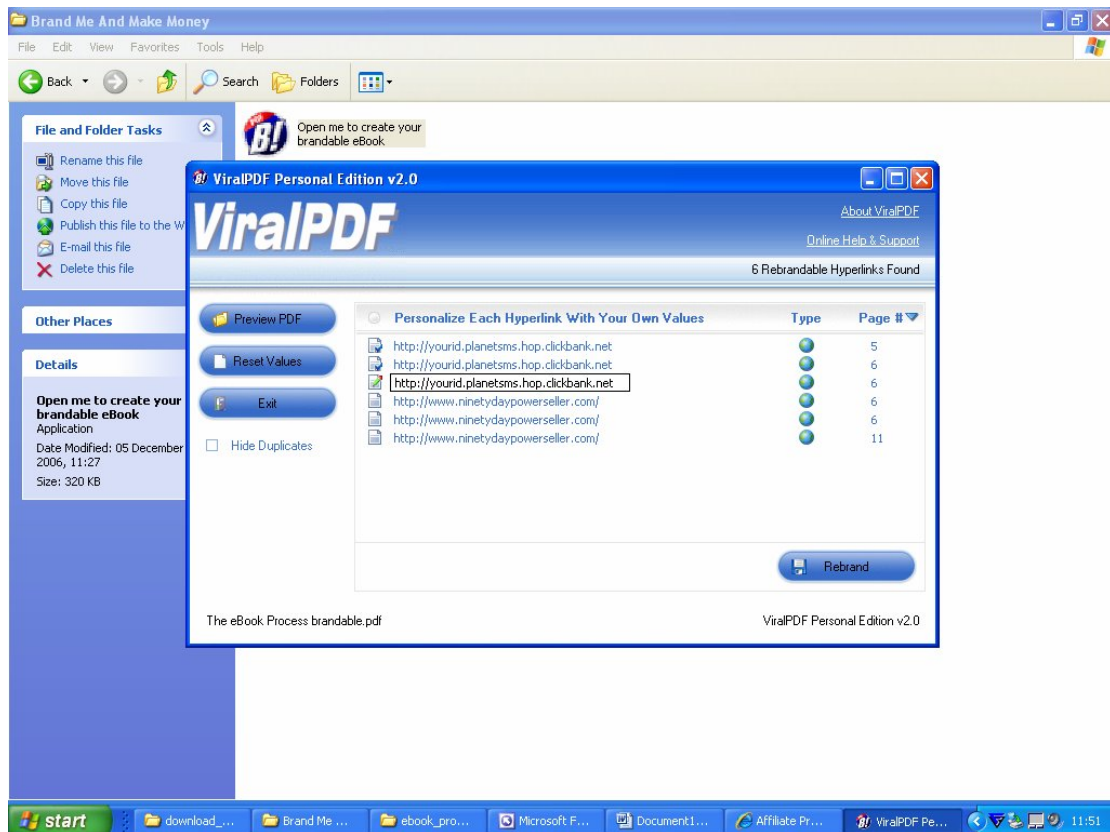

Your link should look like this:

<http://yourid.planetsms.hop.clickbank.net>

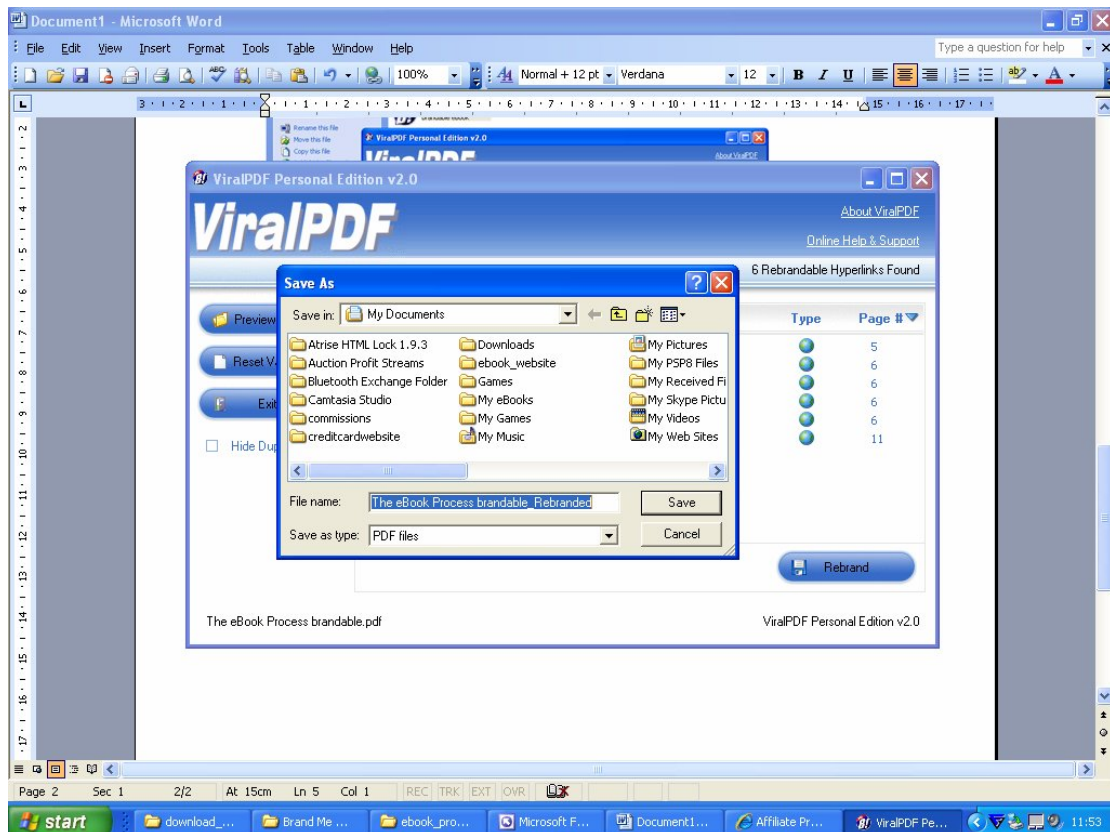

Open the branding tool located in the same folder as this document.

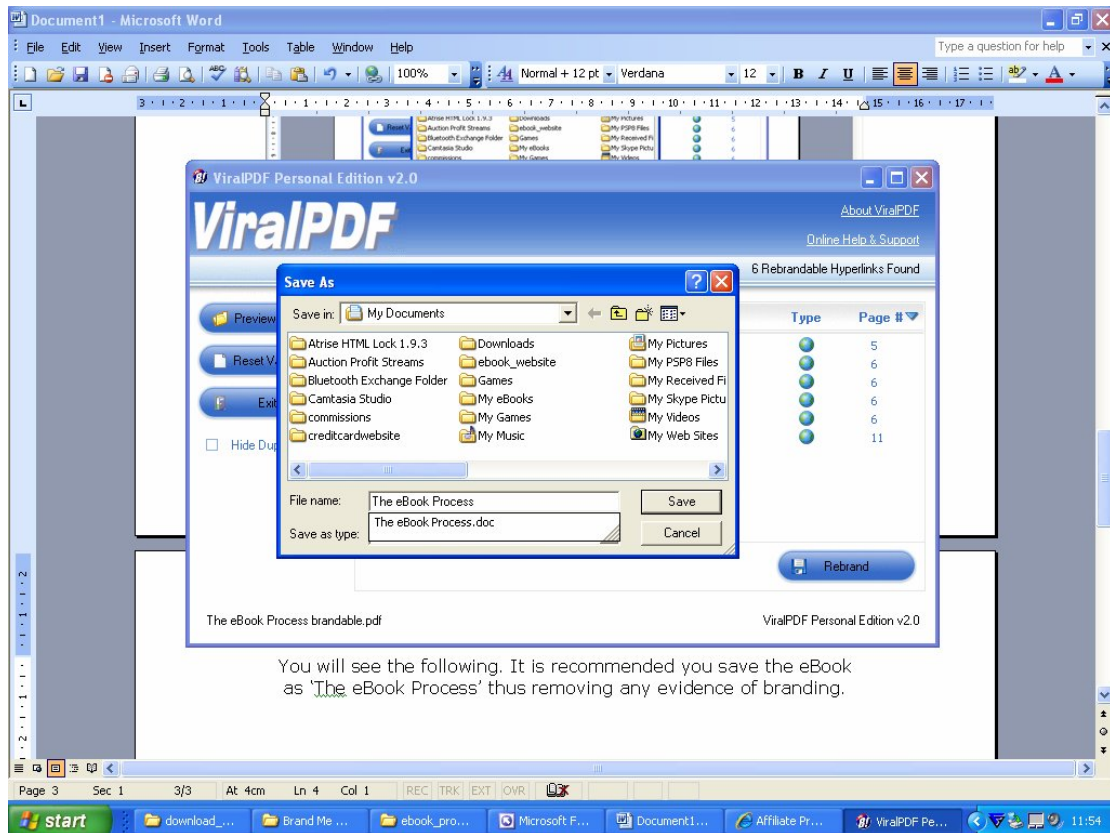

Now change the 6 links you see to your affiliate link. To do this simply click the links and paste your link into the boxes.

Click rebrand.

You will see the following. It is recommended you save the eBook as 'The eBook Process' thus removing any evidence of branding.

You're done!

Now simply remove all evidence of branding including the regular eBook and distribute the eBook the you have just branded. Here are some ways to distribute the eBook.

- Sell it on eBay.
- Offer it to your subscribers.
- Give it away as an incentive to join your mailing list, this gives you the opportunity to capture email addresses.
- Add it as a bonus item with other eBooks you sell.
- Add it to compilation CDs and eBook packages.

The more you distribute your branded eBook the more you will earn.

I really cannot stress how easy this is.
